

KLOVE has a positive impact on our community for so many reasons. Some are that it encourages the family, teaches, is family oriented, is a safe place for the family to listen knowing there will not be junk that little ears should not hear, and also helps teens in their struggles of today's world. It would be a travesty for you to have KLOVE be displaced by LPFM provided programing. Our community has a chance to flourish with individuals who care in a world that doesn't really care about much accept themselves, with KLOVE spreading positive messages instead of hype...and it's all about me. Most media focus on hype, \$, sponsors, etc. were KLOVE focuses on the world being a better place by making each life a little better. KLOVE shows this in that they are sponsored by their listeners. THAT SHOULD SAY A GREAT DEAL, that the listeners are paying for them to stay on the are. IT'S THAT IMPORTANT TO THEM!!!
